PRELIMINARY AMENDMENT

Box Amendment Assistant Commissioner for Patents Washington, D.C. 20231

Dear Sir:

Before consideration of this case, please amend the application as follows:

IN THE CLAIMS

Please add the following new claims:

35. (NEW) A method of producing a digital image for efficient compression, the digital image being made up of a plurality of textures, the method comprising:

defining a texture palette, wherein each possible texture of the digital image is assigned a unique code;

generating a bitmap of the digital image, wherein the bitmap comprises:

pixels of one code representing boundaries of the digital image; and pixels of different codes representing textures of the digital image; and decolorizing the bitmap of the digital image into a monochrome bitmap made up of only two pixel values, one pixel value representing the boundaries of the digital image.

36. (NEW) The method of claim 35, wherein the decolorizing step further comprises the following steps:

creating a list relating textures to locations in the bitmap;

Hyb.
